

CollectPro

Collect from all leading layout programs

Extensis Collect Pro works with all leading page layout and illustration programs to collect every font and image for perfect prepress delivery. Even embedded images and fonts can be collected painlessly. Preview the collection, add or delete items where necessary, compress via different methods, or segment the collection across multiple media. Collect Pro and Preflight Pro combine to enhance communication and create a smooth workflow between designers and prepress departments.

- Supports QuarkXPress, PageMaker, Illustrator, FreeHand EPS, Photoshop and Multi-Ad Creator2
- Collection Preview allows the user to preview, add and delete items from the collection.
- Collects and compresses fonts and images, even when embedded, to ensure perfect prepress delivery
- Job Ticket enhances communication of job details between the designer and their service bureau
- Combines with Extensis PreflightPro to create a smooth and integrated workflow from designer through output
