

Copy Grabber

Copy Grabber to cut, copy and paste an entire column of tabular copy in two easy steps.

To use Copy Grabber, click on the Copy Grabber tool in the QuarkXPress tool palette and drag a marquee around the page area you wish to modify. When you release the mouse, the dialog box appears allowing you to Cut or Copy all of the text within the marquee area. Click the desired button, or use the shortcut keys to complete your selection (see sample below).

With Copy Grabber, working with tables has never been easier! This XTensions module is perfect for annual reports, catalog work, or any other type of work involving tabular composition.
