Quite Imposing Plus

Digital montage of PDF files

Imagine assembling PDF files without leaving Acrobat, beginning with easy book montage up to complex layout montage. Assemble PDF file from every source. Simple operation mode with registration marks, format and offset, montage, synchronisation of pages, adding of page numbers and masking foil. Just think how much time and money you can save! It is for combining pages on bigger archs and producing books, booklets or special requirements. The Plug-in is featured with PDF format of the combined pages, so that each arch can be proofed immediately. The Plug-in is available for Windows and Macintosh systems.

Its features include

- Step & Repeat
- Booklet making
- Imposition by Example
- Fast page duplication
- Page tiling
- Adding page numbers and variable text like date, filename
- Bates stamping and much more.
