

# XState

Opens your XPress documents as you left them in your last session.

XState remembers the origins of your documents and libraries and can quickly locate and open them for you. XState returns you to each document's last saved state that is the exact page, box and text you were last working on when you quit. It also clocks the time you spend working on each document and maintains a grand total time for each document throughout all sessions.

Untitled Project			
Date: 2/19/98 12:28 PM		Start: 12:23 PM	
Document	Time	Total	
* test1.qxd	.02	.02	
✓ 8.5x11-3 PANEL	.01	1.56	
* MARK2TOOLS BOX.new	.00	12.49	
* Markztools Flyer FINAL	.00	23.03	
* XState oneSheet	.00	1.50	
* 40x36 FILM GRID - A4	.00	.43	
* New Poster FINAL 2	.00	3.03
