

## ex DuplicateArticle

For preparing QuarkCopyDesk articles for Online-Export in XML-format with XMLExporter

ex DuplicateArticle prepares QuarkCopyDesk-Artikel for the Online-Export in XML-Format with the **ex XML Exporter** XTension. The text for the Online-publication can be added to the QuarkCopyDesk-artikel as invisible components. Already existing text will be assumed as a suggestion for the Online-version and marked text appears as Teaser. All text can be edited, but the original text for the printout will be unchanged.
