

PuzzleMaker

Quickly, accurately and easily create puzzle grids (only creates geometry but not the content)

Quickly, accurately and easily create puzzle grids with this XTension. Crosswords, Wordsearches and Trailblazer puzzles can now be produced in a fraction of the time it previously took. This XTension enables you to define the puzzle layout to a maximum of 50 squares by 50 squares. Text attributes, coloring, automatic numbering and choices of patterns are all available. The special reflection tool simplifies pattern definition considerably with tools for horizontal, vertical, diagonal and crossed publications.
