

Quite A Box Of Tricks

problemsolver at pdf publishing

This PlugIn for Acrobat vacates with a line of problems with those a pdf publisher himself sees to be confronted in the sectors printing und mediaproduction. In addition belong among other things:

- the subsequently reduction of imageresolutions
- the conversion of RGB elements into CMYK colorspace
- the conversion in greyscale
- the conversion of specialcolors into processcolors
- the pagetransformation
- the conversion of printing Acrobat formfields into real printing side constituents
