

System Requirements

Macintosh

- Mac OS X v10.5.8 or later, including OS X 10.7 Lion
- OS X 10.7 Lion supported for Universal Type Client v3.0.1 and later
- 1.6 GHz or faster Intel or PowerPC processor
- PowerPC processor supported for Universal Type Client v3.0 and 3.0.1 only
- 150 MB available hard drive space, plus additional space for fonts
- Safari 4 or Firefox 3.6 or later

Windows

- Windows XP Professional SP3 (32-bit version only), Vista SP1 (32- or 64-bit versions¹) or Windows 7 (32- or 64-bit versions¹)
- 1.6 GHz or faster processor
- 150 MB available hard drive space, plus additional space for fonts
- Microsoft .NET Framework version 4.0
- Internet Explorer 7 or Firefox 3.6 or later
- Adobe Reader 8 to view PDF documentation

Notes

* 64-bit supported in 32-bit emulation mode only.

Plug-ins: Supported Applications

Auto-activation plug-in support for the following applications:

- QuarkXPress 7, 8, 9
- Adobe Illustrator CS3, CS4, CS5, CS5.1 (included in Creative Suite 5.5), CS6
- Adobe InDesign CS3, CS4, CS5, CS5.5, CS6
- Adobe InCopy CS4, CS5, CS5.5, CS6
- Adobe Photoshop CS4, CS5, CS5.1 (included in Creative Suite 5.5)

Support for QuarkXPress 9 and Adobe Creative Suite 5.5 applications was added in Universal Type Client 3.0.1.

Support for Adobe Creative Suite 6 applications was added in Universal Type Client 3.2.

A known issue in Photoshop CS6 prevents font auto-activation. A plug-in will be available after Adobe releases an update to address this issue.

Things You Should Know

Set-up

- Universal Type Server 2 Lite supports a maximum of 10 client connections (10 clients included)
- Enter one license code for everything (server and clients) in one location at the server
- Assign roles for your most common type of job responsibilities
- Easy set-up for fonts and users

Server

-

- Requires minimal IT support to install and maintain
- You're protected with built-in automated back-up and restore
- Web-based control of users, fonts and servers from anywhere at anytime
- Support for Mac and Windows servers

Client & enduser benefit

- Best in-class font previews in a modern and intuitive user interface
- Support for both Mac and Windows users
- Font auto-activation support for: Adobe Illustrator and InDesign CS2/CS3/CS4/CS5, QuarkXPress 7 & 8 (Mac and Windows clients)
- Auto-activation works even when client is not running
- Built on SQL Lite database back end for fast performance
- Works uninterrupted whether connected to the server or not
- Incorporates animation technology for fast scrolling, previewing and activation
- Includes a comprehensive Quick Reference Guide to help end-users get up to speed fast

Remark

Universal Type Server 2 Pro does not include a Annual Service Agreement (ASA). An ASA cannot be added to the Lite version. If access to Priority Support and free upgrades are important to you then you might want to consider our Professional version.
